RIO GRANDE MAY TOUCH WYOMING

Road Secures Rights in Ogden Canyon With This in View.

HERMITAGE IS OPTIONED

CACHE VALLEY TO BE REACHED EN ROUTE.

The Rio Grande has taken a six months' option on the Hermitage ground in Ogden canyon. This leads to the supposition that this road is planning an extension through Ogden canyon and on into Wyoming.

From the Hermitage the road will continue through the canyon to Huntsville, it is rumored. From Huntsville the company's plans are said to cover a northerly route up through Cache valley, passing through many thriving towns in that territory without railway facilities at the present time. From Cache valley an easy entrance into Star Valley, Wyoming, is afforded through Gentile valley. A northerly line leads to the rich coal region in the Jackson Hole country.

This extension would cover in a direct line 200 miles of ground, but owing to the mountainous nature of the country to be passed through the mileage of the tracks would be considerably higher. The numerous railroads which are building towards Salt Lake will necessitate the opening of new coal fields. The Jackson Hole fuel beds have never been drawn upon.

President Simon Bamberger of the Salt Lake & Ogden closed a contract yesterday with the Utah Portland Cement company for delivery of 1,000 barrels of cement in May and June. This material will be used in the construction of a bridge across the Weber river on the line of the Salt Lake & Ogden.

PIRACY FROM "SQUAW MAN" IS ALLEGED AND INJUNCTION WILL BE REQUESTED

Will "Her Fatal Love," one time called "The Texas Ranger" and believed by some authorities to be pirated from "The Squaw Man," be produced at the Grand tonight? That is the question. Whether it is better to take a chance with the minions of the law or by abandoning the production make impossible any proceeding. To play; perchance to render up an accounting of the profits. Ay, there's the rub. For in that accounting what loss may come when all the books have been audited, the tickets counted! And thus the native hue of Ned Royle's sterling effort is sicklied o'er with the pale cast of Theodore Lorch and an enterprise that a promised some reward is liable to be the basis of an action.

The alleged "pirating" of "The Squaw Man" under the name of "Her Fatal Love," under that name only because there was no paper, no advertising posters for "The Texas Ranger," and produced by Theodore Lorch and his company at the Grand, is to have an airing in a court of competent jurisdiction. Today Attorney E. B. Critchlow, representing Selina Fetter Royle, owner of "The Squaw Man," and Liebler & Company, producers of the play, will apply to the court for an injunction to prevent Mr. Lorch and company from presenting it at the Grand tonight.

The application for an injunction will contain a demand for an accounting of the profits already derived from presentations of the play, which was given four times last week at the Grand. Mr. Critchlow has a copy of the manuscript of "The Squaw Man." A representative of the law firm of which Mr. Critchlow is a member, saw one of the presentations of "Her Fatal Love" at the Grand last week. He is prepared to testify that the story of "Her Fatal Love" and the story of "The Squaw Man" are identical in all important particulars. The situations are also identical in every detail.

The effect of the injunction, if the court finds sufficient reason for issuing it, will be to prevent the production of "Her Fatal Love" at the Grand tonight. Manager Riddell of the Grand manifested no uneasiness last night over the threatened legal procedure. He said that he had heard that something of the kind was contemplated and had requested his attorneys, Richards & Ferry, to be in readiness to look after the interests of the playhouse. Mr. Riddell was not by any means ready to admit that any piracy had been practiced.

"Mr. Lorch has a letter from the author of 'The Texas Ranger,'" said he, "in which explicit permission to present the play is given. It is also stated that both 'The Squaw Man' and 'The Texas Ranger' are taken from the same book, and therefore no piracy has been practiced. We shall be ready to defend what we believe to be our rights in the matter."

The "Squaw Man" was not taken from any book, however, but was an original play founded on Mr. Royle's experiences while he was a resident of Utah.

HURT IN A RUNAWAY.

Three Young Men and Two Girls Sustain Injuries.

Bert Barney, L. P. Boyle, Philip Gatner and two young women were thrown from a carriage at the corner of Twenty-fifth street and Wall avenue about 9 o'clock last evening. All sustained injuries. Boyle was badly cut about the right side of the head, besides receiving other injuries. The accident was caused by the team running away and colliding with a telephone pole. A driver was sent from the livery stable to take the team back and one the way to the stable the team again became unmanageable but no further damage was done.

PARADE OF CHILDREN.

At Least 5,000 Will Be In Line on Arbor Day.

At a meeting presided over by superintendent of City Schools William Allison held yesterday the principals of the various schools arranged the details for the Junior Civic Improvement parade which will be held on Monday next. It is expected that at least 5,000 school children will be in line. The parade will form and start at 10 a. m. and will march over the principal paved streets. ATTACKED THE HEART

Awful Neuralgia Case Cured to Stay Cured by Dr. Williams' Pink Pills.

Neuralgia in any form is painful but when it attacks the heart it is frequently fatal. Complicated with indigestion of a form that affected the vital organ it threatened serious consequences in an instance just reported. The case is that of Mr. F. L. Graves, of Pleasanthill, La., who tells of his trouble and cure as follows:

"I traveled considerably, was exposed to all kinds of weather and was irregular in my sleeping and eating. I suppose this was the cause of my sickness, at any rate, in May, 1905, I had got so bad that I was compelled to quit work and take to my bed. I had a good doctor and took his medicine faithfully but grew worse. I gave up hope of getting better and my neighbors thought I was surely going to die.

"I had smothering spells that it is awful to recall. My heart fluttered and then seemed to cease beating. I could not lie on my left side at all. My hands and feet swelled and so did my face. After reading about Dr. Williams' Pink Pills in a newspaper I decided to try them and they suited my case exactly. Before long I could see an improvement and after taking a few boxes I was entirely cured. I am glad to make this statement and wish it could cause every sufferer to try Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills do not simply deaden pain; they cure the trouble which causes the pain. They are guaranteed to contain no narcotic, stimulant or opiate. Those who take them run no danger of forming any drug habit. They act directly on the blood and it is only through the blood that any medicine can reach the nerves.

Dr. Williams Pink Pills are sold by all druggists or will be sent, postpaid, on receipt of price, 50 cents per box, six boxes for $2.50, by the Dr. Williams Medicine Co., Schenectady, N.Y.

BIG VOLTAGE FOR JOHNSON

Lineman While at Work on Street Narrowly Escapes Death From Shock of Electricity.

A lineman named Johnson in the employ of the Utah Light & Power company had a narrow escape from being electrocuted yesterday. Johnson was a member of a gang engaged in transferring the wires along Twenty-first street to new poles. Johnson was on a cross arm handling the wires. When a transmission wire was being handled by him a connection was in some way completed with the main current and 2,300 volts of electricity passed through his body. His agonizing cries attracted his fellow workman, who dragged him away from the live wire. Johnson was prostrated for some time, but finally recovered sufficiently to be taken to the main office of the company, where it was found that the flesh upon his hands where it came into contact with the wire was burned to the bone.

Two Attempts at Burglary.

A lone burglar made two unsuccessful attempts to gain admittance to houses in the residence section last evening. The first attempt was made about 11 o'clock at the Jensen residence, 2272 Madison avenue. A jimmy was used in the effort to open a window. The noise awakened the inmates of the house and the burglars were driven away. About thirty minutes later the same methods were adopted at the home of H. H. Wardleigh, 2079 Douglas avenue. In the second case the breaking of the window springs awakened the family. Both attempts are supposed to have been made by the same person or persons.

Charged With Passing Bad Money.

Shortly before midnight last night Officer E. M. Morrisey placed Frank Thompson and James McCormick under arrest on suspicion of passing bogus money. Considerable spurious coin has been circulated in Ogden of late and the arrest was made upon information furnished by an alleged accomplice. When the two men were searched at the police station no counterfeit money was found upon them, but later several spurious bills were found on the street where the arrest is made, and where it is supposed they were dropped by the prisoners.

John Hickey Dies.

John Hickey, well known railroad engineer, died yesterday morning at the residence of his brother, David Hickey, from an attack of Bright's disease, after a lingering illness. The body was shipped to Laramie, Wyo., last evening for interment. The deceased was born in New York Nov. 21, 1856, where his mother still lives. For more than eighteen years he ran a locomotive on the Union Pacific between Cheyenne and Rawlins. At the time of his death he was a member of the B. P. O. E. and the Brotherhood of Locomotive Engineers.

Fire at Cobre Station.

Word was received here yesterday morning that fire destroyed the storehouse of the Nevada & Northern at Cobre station early yesterday forenoon. The building was ignited by a spark from a locomotive. A caboose that was standing on a side track near by was also consumed. Several thousand dollars' worth of supplies were stored in the building at the time. The structure will be rebuilt at once.

Ogden Briefs.

The Amalgamated Sugar company is busy sending out drills to sugar beet growers throughout the county, which marks the opening of the beet planting season. It is said that quite a considerable acreage has already been planted.

About 2 o'clock yesterday morning a lone burglar entered the residence of Frank Halling, 1885 Twenty-second street, after picking the lock of the front door. The marauder stumbled against the piano and awakened the sleeping occupants. Mr. Burglar beat a hasty retreat without securing anything for his trouble.

There will be no inquest held over the remains of R. A. Crosbie the young man who committed suicide on Wednesday by hanging himself to a rafter in the barn. The parents are satisfied that it was a case of suicide and have expressed a wish that the investigation be omitted.
